EXPERIENCE & REFERENCES

Full-Stack Developer

Algebra technologies

10/2025 - Current

Harare, Zimbabwe

Algebra Technologies is a Zimbabwe-based software company. They help businesses leverage tech for growth."

Achievements

- Collaborated with a senior developer on Astro Pay payment/loan app and a government website's (LCR)
- Created business emails, implemented online/offline user status indicators, and managed loading windows.
- Developed a Prepaid Lock App for admin device management. The app captures IMEI, location, and serial number, and tracks activated devices. It increments a balance bips in a linked dashboard. Admins can activate or deactivate devices remotely to ensure secure management
